

Stout ALUMNI NEWSLETTER

VOL. III NO. 1

THE STOUT INSTITUTE, MENOMONIE, WISCONSIN

FEBRUARY 1, 1955

The Reading Room In The New Stout Library

Here's your Alumni Newsletter, just as fact filled as ever
A little tardy perhaps--but better late than never.
We've got a mimeographed format, noted for ease
Now we can make-up and print whenever we please.
No linotypes, proofs or other delay,
We just type out our Newsletter and it's on the way.
We'll have two issues each year, at least for a start
But we have to have news, so you must do your part.
Let us know what you're doing and wherever you roam,
Then we can send a full Newsletter right to your home,

--Your Alumni Headquarters

Dear Alumnus:

The current issue of the "Newsletter" is dedicated largely to student recruitment. It is not recruitment designed merely to attract students in large numbers, but it is the recruitment of diligent, interested young people to whom preparation in industrial education and home economics is a challenge and a goal.

The critical shortage of home economics and industrial education teachers is too well-known to require repetition. The unmistakable fact is that the situation is going to become increasingly more critical in the years to come. The only solution to this problem is to increase the number of home economists in training and industrial education teachers in training who, upon completion of their education, can help meet the needs of these fields. A recent questionnaire completed by freshmen students at Stout showed that a large number of present freshmen entered Stout because of the influence of high school teachers. This study proved very conclusively that one of Stout's most influential recruiting services is alumni who are well satisfied with the Stout education which they themselves received. It is our hope that you will continue this very important work for your alma mater.

Your president,
Jean Anderson

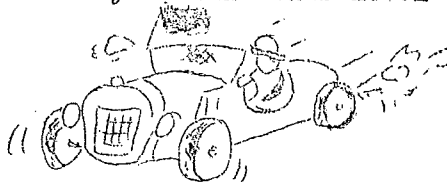

ENROLLMENT AT STOUT continues to increase--During the first semester of 1954-55 it totaled 789. . . 414 in industrial education and 375 in home economics. This is an increase of 79 over last years total. At the present time 310 persons are enrolled in the freshman year.

MASTER'S DEGREES---Sixty M.S. degrees were awarded during the 1953-54 school year. To date, The Stout Institute has awarded 510 M.S. degrees in the fields of Home Economics and Industrial Education.

NOTICE! ALL FREE!

Yes, alumni may be interested to learn that Stout has available upon request seven different publications dealing with various phases of college activities. These publications include: the Regular Sessions Bulletins, Answers to Questions Frequently Asked About Stout, the Home Economics Pictorial Viewbook, the Student Handbook, Inter-religious Council bulletins, yearly Summer Session Bulletins, and a limited number of college annuals. . . These materials have many uses in school libraries, shop libraries, counseling offices, or for personal information. Persons desiring copies should write to Dr. Ralph G. Iverson, Director of Student Personnel Services at The Stout Institute.

SUMMER SESSION---June 20 - July 29
Two new courses will be offered this summer. One of the courses, Project Development, will be conducted on the workshop basis. It will include a study of modern industrial design, with each student designing projects in his field of major interest. The other course, Tool and Die Making, will give graduate students, especially interested in the machine shop field an opportunity to take this level of work.

JUST A MINUTE!! Does the Alumni office have your present address?? If not, then send it in via postcard NOW or, better still write a note and tell us where you are and what you're doing.

LOCAL ALUMNI CHAPTERS---

Growth of our association and long term memberships can be assured by active local chapters. The local chapters committee is attempting to organize new chapters in areas where there is a concentration of alumni. Efforts are also being made to reactivate other groups.

During the past year the Chicagoland Chapter was organized. Alumni of the area worked over a period of a year to form a very sound and permanent chapter.

We wish to encourage other groups of Stout grads to inquire of the home office as to how to go about forming a local chapter.

In addition to providing an excellent opportunity for grads to enjoy social functions, the local chapter can assist its alma mater by recruiting students, informing students of scholarships and assisting new teachers in the job of orienting themselves to a new position and community.

YOU CAN HELP YOUR SCHOOL---

How many seniors do you know in your community? Are they going to college? WHERE? Perhaps some of them should know about Stout and what it offers. We're always glad to receive names and addresses of prospects and to have you bring them to the campus for a visit,

ALUMNI REUNIONS---

Milwaukee Chapter of the Stout Alumni Association played host to Stout alumni attending the W.E.A. convention. One hundred persons attended the reunion held at Miller's Brewery. The program consisted of a tour through the brewery and a delicious buffet dinner served by the Miller Company. Frank Dumann, president of the Milwaukee Chapter, served as master of ceremonies.

Another important alumni reunion was recently in San Francisco during the AVA convention. This year the reunion was a breakfast on Sunday morning, December 5, at Clinton's Cafeteria. A total of 36 grads attended.

At the recent AVA convention in San Francisco, twelve Stout alumni appeared in twenty-seven of the convention programs. Active alumni at this convention were: Lawrence Borosage, Howard Campion, Elmer Clausen, John Jarvis, William Micheels, Dwight Nichols, Norman Piron, Paul Powell, Robert Rudiger, G. Harold Silvius, Einar Siro, and Joseph Strobel.

- WANT AD -

Wanted - Potential football and basketball players. Excellent education opportunities. Congenial surroundings with chance for a bright physically fit young man to make life-long friends and gain a background in industrial education that is second to none

NEW WOMEN'S DORM BEING PLANNED--

Announcement that bids for a new residence hall for girls at The Stout Institute will be opened on February 2, has been made by Mr. R. L. Pierce, chairman of the board of trustees and by President Fryklund.

Designed for 134 girls, the new residence hall is expected to cost just under \$700,000. Part of the cost of the all-brick structure will be financed through rental charges which occupants will pay.

The new residence hall is to be located between two of Stout's obsolete dormitories for women. As the new building is erected it will be necessary to raze the dining hall attached to Tainter Hall. Later both Tainter Hall and Tainter Annex will be removed.

Architects on the project are Boyun, Schubert, and Sorenson of LaCrosse. Bids will be opened by the college board of trustees when that group meets in Madison on February 2.

PUERTO RICO SENDS INVITATION--

Stout has been invited to participate in the "Fourth Annual College Week" in Puerto Rico from April 8-18.

Plans have been made to accept this invitation, and a tour to Puerto Rico is now being arranged. With a minimum cost and the maximum in experiences of flight-seeing, sight-seeing, and night-seeing, the tour should prove very popular with Stout students and recent grads.

All persons interested in knowing more about the trip, its costs, its events, and its fun possibilities--are invited to write to: Dr. Alice J. Kirk, Dean of the Div. of Home Economics, The Stout Institute, Menomonie, Wis.

GUIDANCE CONFERENCE HELD--

With over 350 educators and guidance experts from two states in attendance, Stout held its fourth annual guidance conference on the Stout campus Thursday, January 13. Keynote speaker was S.A. Hamrin, professor of education at Northwestern University and noted author in the field of guidance. The topic of his address was "Guidance Today in America."

OFF-CAMPUS TEACHING FOR STUDENTS--

The Home Economics Education Department has initiated a new teacher training program this year. For the first time, senior women who are majors in education are doing their student teaching in high schools within a radius of 150 miles from the campus which were selected to meet standards as to teaching facilities and personnel.

Two student teachers are assigned to each high school for six years. They remain in the school full time, each carrying one half the load of the home-making teacher in the school.

Besides the classroom teaching they get experience in such extra-curricular activities as FHA, home experiences, school lunch, home visits, and study hall supervisions.

MAILBOXES are now provided for all Stout students and organizations. These boxes are located at the west end of Harvey Hall, where the general bulletin board was formerly located. The official bulletin board is now located directly across from the mail boxes.

SPRING CONCERT TOUR PLANNED

Plans for the Symphonic Singers invitational trip to Florida this spring are now nearing completion. The Symphonic Singers--with 65 vocalists and 35 instrumentalists--have been scheduled to appear before the convention assembly of the National Federation of Music Clubs on Friday, April 22, at 11:00 A.M. in Miami. This special performance in Miami is being combined with a two-week tour. Concerts are being scheduled all along the way to help finance the trip. Scheduling arrangements have already been made for appearances in the following cities: Chicago, Arlington Heights, Ill., Danville, Ill., Covington, Ind., Lebanon, Ind., Winchester, Ind., Cincinnati, Ohio, Georgetown, Ohio, and Daytona Beach, Florida. If you live in any of these cities please watch your local newspapers and the Stoutonia for concert times and dates.

GRADUATE SCHOOL ANNOUNCEMENT****

Persons planning to attend Stout for the approaching summer session will find the following release from the Director of Graduate Studies of interest to them in arranging their graduate work---- Research requirements have been modified which permit students who desire more emphasis on course work to select a revised Plan B. The purpose of the revised Plan B is to give graduate students an opportunity to secure additional course work with an emphasis on master teacher objectives. . . Students electing this plan must complete a total of thirty semester hours of course work, including Research Proc., Prob. in I. E., and Statistics. . . Plan B includes the preparation of a written report, in addition to or in conjunction with the regular course work in one of the 500 series graduate courses. The report must be acceptable to the instructor of the graduate course in terms of subject, content, and form. One typewritten copy must be presented to the instructor at least one week prior to the end of the course. Written notice that the paper has been completed and is acceptable, signed by the instructor in charge of the course, must be filed in the graduate office.----Additional information may be obtained by writing to the Director of Graduate Studies, The Stout Institute, Menomonie, Wisconsin.

COMING EVENT---The Stout Institute, in cooperation with the Wisconsin Dept. of Audio-Visual Instruction, an affiliate of the NEA, will hold its third annual audio-Visual Conference on Tuesday, March 29, 1955. The theme of this year's conference will be "Teacher Produced Audio-Visual Materials".

C. R. Crakes, Educ. Consultant for the DeVry Technical Institute, will be the keynote speaker. Among the sectional leaders will be Dr. Richard Mitchell, Dir. of Audio-Visual Services, St. Cloud STC, St. Cloud, Minn., and Edward McMahon, Audio-Visual Director, STC, Mankato, Minn.

Stout wishes to extend a cordial invitation to all grads and their friends to attend this conference.

ANOTHER GRAD GETS CITATION AWARD****

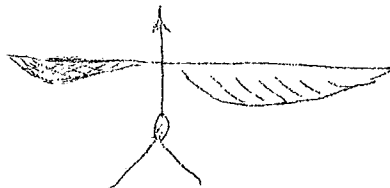

Claude Nihart '09 was proud recipient of the coveted SHIP'S AWARD at the recent American Vocational Association convention in San Francisco. This citation is made each year for outstanding service in Vocational and Industrial Arts Education. Through the years it has gained the distinction of being the most desired and significant honor that could be bestowed upon anyone in these fields of education.

Alumni may also be interested to learn that Mr. Nihart is now the fourth Stout grad to receive this award out of a total of seventeen awards granted through the past years. Other alumni who have been honored with this award are: Howard Campion, Emanuel Ericson, and Clyde A. Bowman.---Stout can be very proud of this record.

Are you a grad of 1945? If so, would you like a 10 year class reunion held during homecoming? Then contact your alumni secretary as soon as possible in order that plans may be gotten underway. Write: Bob Rudiger, Alumni office, The Stout Institute, Menomonie, Wis.

HOME ECONOMICS GRADS, especially those who live near the Twin Cities, should circle the date of June 30 on their calendars for sure. The American Home Economics Association is holding its national convention in Minneapolis, June 28 to July 1. Dr. Alice J. Kirk, Dean of the Division of Home Economics is planning a reunion of all Stout Alumnae during the convention period.

Mrs. Helen Diamond Wisher, class of 1925, has been selected to act as the official hostess, and Mrs. Alyce Vanek, MS 1954, is acting as chairman of arrangements. The hotel where the luncheon will be held has not been determined, but announcement of the luncheon and other details will be given publicity at a later date.

THE BANK OF ATHLETIC PROGRESS

"OPENS ITS DOORS TO YOU"

Depositors, here's your chance to make a contribution to the prestige of your alma mater. And it won't cost you a cent.

What is needed right now is a king-sized deposit of athletes on the campus of Stout Institute. With home basketball games played in the spacious new Menomonie high school gym and a beautiful lighted field for night football, the athletic department now has the facilities to do its part if it has boys with talent--talent both for sports and for study.

Any desired information regarding out-of-state tuition, grants-in-aid, job openings, etc. will be sent your way immediately if you merely query either Coach Ray C. Johnson or Coach Jack Wink, c/o Athletic Department, The Stout Institute. They're ready and willing with whatever facts you need for your selling job.

The sports stars which Stout grads deposited in our athletic department paid big, enjoyable dividends when the basketball squad that won its way to the Kansas City Tournament and in Stout's football power-houses of recent years. Let's make some new deposits and cut ourselves in on some more championship dividends.

Stout's "Bank of Athletic Progress" needs your business. This is the kind of deposit we need:
